**Re: 2021 Draft Integrated Resource Plan
UE-200304 and UG-200305**

Dear Mr. Johnson:

Pursuant to Order 2, paragraph 28 in Dockets UE-180607 and UG-180608, attached for filing is Puget Sound Energy's ("PSE") Draft 2021 Integrated Resource Plan ("2021 Draft IRP" or "Draft IRP"). The attached Draft IRP, along with each individual chapter and appendix are individually available for download and posted at pse/irp.com.

The draft electric and natural gas plans were developed, with stakeholder input, over the last eight months. PSE believes that stakeholder input has improved the 2021 IRP. There are several important components of the IRP analysis that will be completed for the final IRP due on April 1, 2021. The missing components have been outlined in Chapter 1. Both the IRP analysis and the public participation process continue into early 2021. PSE looks forward to an ongoing dialogue and receiving feedback from the Washington Utilities and Transportation Commission and stakeholders on the Draft IRP.

If you have any questions about the information contained in this filing, please contact Irena Netik, Director, Integrated Resource Planning, at (425) 462-3671. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

/s/ Jon Piliaris
